Your Excellency,

I would like to use this opportunity to inform you that on December 19, 2019, I will complete my five-year term as Commissioner Against Corruption of the Special Administrative Region of Macau of the People's Republic of China.

During this period I was privileged to lead the Commission, both in the Anti-Corruption and in the Ombudsman fields of action and to witness first-hand the efforts of its dedicated staff in bringing to real life the rule of law and the values of a fair, integer and transparent Public Administration.

I was no less privileged in benefiting from the experience, wisdom and assistance of the members of the community of Anti-Corruption and Ombudsman agencies, at the regional and the global levels.

I am convinced that inter-agency co-operation is a most valuable asset in our common cause and I am sure that such assistance and communication will continue under the new leadership of CCAC in the future.

With much respect and appreciation, I would much appreciate that you extend my compliments and recognition to all the AOA members with whom I have had the privileged to work with.

Sincerely yours,

Cheong Weng Chon
